Steering Damper Adjustment Guidelines

Follow the procedures described below to accurately adjust your CRF, using the methods decribed on this page.

Symptoms and Adjustment

- Always begin with the standard settings.
- Turn the steering damper adjuster in one-click increments at a time. Adjusting two or more clicks at a time may cause you to p ass over the best adjustment. Test ride after each adjustment.

| Symptom | Action |
|-------------------------------------|---|
| Steering is wobbling on large bumps | Adjust the steering damper adjuster to stiffer setting. |
| Steering is wobbling at sand track | Adjust the steering damper adjuster to stiffer setting. |
| Steering is heavy when cornering | Adjust the steering damper adjuster to softer setting. |
